EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows: The title has been changed to "IPS LCD and repair method of cutting defective pixel electrode by forming window in capacitor storage circuit" to better describe the features of the invention.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: Regarding claims 1-3, and 5-6, there is no prior art of record that teaches an IPS LCD with a substrate pixel regions each with at least on strip-like pixel electrode; a capacitor storage circuit disposed in overlapping relationship to the strip-like electrode in each pixel region adjacent to the aperture; a pad disposed in opposition to each CS circuit and connected to the strip-like electrode, wherein a cut / window is formed in a side of the CS circuit adjacent to the aperture is adjacent and the corresponds to the location and exceeds the width of the strip-like electrode. Shiota 200201154079 discloses cutting a pixel electrode of an IPS LCD an aperture region. Murakami teaches cutting a capacitor storage circuit to prevent short circuit in the image signal line and pixel electrode. However neither reference teaches forming a cut/window in the capacitor storage circuit corresponding in location to the strip-like pixel electrode and wider in width than the strip-like electrode.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Phu Vu whose telephone number is (571)-272-1562. The examiner can normally be reached on 8AM-5PM M-F.
